

Shop For Sale

Due to a change in circumstances I no longer have the time to continue running the shop so Sutherland Arts & Crafts is up for sale.

(The building is leased from Highland Council)

Sale includes all existing purchased stock as well as pictures and other items produced by Pat Cooper.

There are six other craft suppliers who contribute items on a sale or return basis. These suppliers should be happy to continue with commission sales with a new owner.

A lot of money has been spent on shopfitting with extensive Slatwall shelving and other fittings. Overhead canopy lighting, insulated walls, large mobile book cabinet etc.

Included in the price:

Kenco singles coffee machine, highly rated by all, plus stocks of various coffee, tea, hot chocolate etc. Crockery, cutlery etc.

Wireless Credit Card Terminal, essential and easy to use.

Kitchen area with stainless sink, instant water heater, microwave, kettle, mini cooler etc.

Established website - www.sutherlandartsandcrafts.co.uk

Building includes Toilet and separate washroom

SAC has a regular clientele and is showing a profit after just 12 months trading. This is a great opportunity for someone to build the business and keep a much needed facility alive in Kinlochbervie.
